Subject: Main Transformer Alarm and Plant Shutdown Monday, June 28, 2010

Dear Mr. Thelen:

We appreciate your subcontractors', Caribou Construction's Breck Glassinger and Brannon Brown and Riverside Inc.'s Dennis Daugherty and Steve Smith, expedient contribution in resolving the Arrowrock HP outage initiated last Monday morning the 28th. They pulled all resources together and accomplished this feat in only a day and a half after the initial shutdown. Without their resolve, this could have taken a week.

Many thanks to your team keeping the down time so short.
